## PRESS RELEASE

---

For Immediate Release

The Findlay-Hancock County Public Library is now able to create Digital Library Cards for individuals who don't currently have a regular library card. These Digital Library Cards will allow access to all of the library's online resources and can be converted to regular library cards when the library opens. If you have a library card and have forgotten your library barcode or PIN number or need help accessing resources, the library is still here to help.

To receive a Digital Library Card, or for help using your existing library card to access online resources, please use the contact us button on the library's webpage. <https://findlaylibrary.org/contact>

Library staff are working to respond to all requests as quickly as possible. Please be patient as we work to serve our community in new ways.

The library provides many online resources for our cardholders, such as eBooks, eMagazines, eAudiobooks, music and movies through the Ohio Digital Library and Hoopla. Additionally, many research and online learning tools are available in our online databases. You can find these resources on the library's website: [www.findlaylibrary.org](http://www.findlaylibrary.org).
