Date **Initial** Student Career/Success Plan Completed.

Review date of Career/Success Plan

The mission of the Findlay Digital Academy is to meet the needs of each student by providing state approved education through on-line instruction and individualized mentoring. The intent of this annual learning plan is to provide the student with an individualized detailed plan of subject matter to be mastered and tasks to be completed towards graduation and finding employment in the future.

The provided graduation checklist details the academic content and state testing required for graduation.

The Student Success plan anticipates that students will matriculate from our program into one of the following Post-secondary paths:

- Enter into a two-year degree program;
- Acquire a business or industry credential;
- Enter an apprenticeship program.

We understand that each student is unique and our program will prepare students for one of the above pathways
